Library Associates Awarded GSA Schedule 70 and 036 Contracts

Rockville, MD: Library Associates was awarded their GSA Schedule 70 contract – Information Technology Professional Services – on August 21, 2006 and their Schedule 036 contract – The Office, Imaging and Document Solution – on May 23, 2007. GSA's Federal Supply Schedules, also known, as Multiple Award Schedules (MAS) are contracts that allow federal customers to acquire products and services directly from commercial suppliers. Such contracts provide a vast array of commercial items and services that can be purchased quickly and easily from among qualified contractors and is the preferred contracting vehicle for doing business within the Federal Marketplace.

The **GSA Schedule 70** (Contract no: GS-35F-0590S) will enable Library Associates to provide you with project managers, quality control staff, and other specialists for your information technology needs that support your library, archives, and information services. Under the **GSA Schedule 036** (Contract no: GS-25F-0026T) we can provide you with needs assessment and analysis services, records management services, document conversion services, and litigation support services.

GSA Schedule awards have become the procurement method of choice for all Federal Agencies resulting in a \$31 billion a year market in FY 2004 and over \$33 billion in 2005. Predictions indicate that it will become nearly impossible to do business with the government without a GSA Schedule Contract. GSA Schedules have been expanded to allow almost every industry the ability to sell products and professional services to the Federal Government.

Library Associates was awarded five SIN(s):

Schedule 036:

- SIN 51 501 – Needs Assessment and Analysis Services
- SIN 51 504 – Records Management Services
- SIN 51 506 – Document Conversion Services
